## **KELINGTON EXPANDS IN CHINA WITH NEW FABRICATION FACILITY**

**Kuala Lumpur, 26 September 2019** – Integrated engineering solutions provider, Kelington Group Berhad (“Kelington” or “Group”) is pleased to announce the opening of its new fabrication facility in Suzhou-Chuzhou Modern Industrial Park, China.

The 37,458-square-foot facility will be operated under the Group’s wholly-owned indirect subsidiary, KE System Integration (ChuZhou) Co. Ltd. The fabrication facility will be mainly involved in Engineering, Procurement, Construction and Commissioning (“EPCC”) of process systems for the electronics industry and fabrication of own-brand Ultra High Purity (“UHP”) gas and chemical delivery equipments.

The grand opening ceremony was graced by **Mr. Hai Huang**, Deputy Head of Chuzhou Investment Promotion Bureau, **Mr. Li Da Ming**, Deputy Director of Management Committee for China-Singapore Suzhou and Chuzhou High-Tech Industrial Development Zone and **Mr. Xu Pei Chang**, Deputy Secretary of China-Singapore Suzhou and Chuzhou High-Tech Industrial Development Zone.

**Ir. Raymond Gan, Chief Executive Officer of Kelington Group Berhad** said, “We have been operating in China since 2002 and today, China is one of our key international markets. Revenue from China represented 30% of the Group’s revenue in the first six months ended 30 June 2019.”

“This new setup is strategic for the Group as it allows us to further expand our pool of customers, including those from the electronics industry. In addition to that, our scope of services and capabilities will be broadened to handle more complex UHP projects such as handling the delivery systems for special gases.”

“We will be manufacturing our own design UHP equipments for our operations as well as offering it to other customers. This will lead to higher cost savings and better quality control, enhancing

## ABOUT KELINGTON GROUP BERHAD (“Kelington” or the “Group”)

Kelington is an integrated engineering solutions provider specializing in ultra-high purity (UHP) gas and chemical delivery systems, mechanical process engineering, mechanical systems and electrical systems. The Group provides end-to-end engineering solutions ranging from system design to fabrication and installation of equipment to testing and maintenance.

Established since 2000, the Group serves customers in the high technology industry across different sectors such as Industrial Gases, Wafer Fabrication, Solar Energy, TFT-LCT, Bioscience and Light Emitting Diode (LED). In line with its expansion plans, Kelington has also expanded its industry focus to include the pharmaceutical, healthcare and oil and gas sectors.
