Kelington moves listing status to Main Market

KUALA LUMPUR: Kelington Group Bhd, a provider of ultra high purity gas and chemical delivery systems, will transfer its listing status to the Main Market of Bursa Malaysia today.

Kelington chairman and chief executive officer Raymond Gan said the transfer is befitting the company's growth prospects as it targets to expand its clientele into other industries.

It will enlarge its range of services from delivering UHP gas and chemical systems to include other utilities such as ultra-pure water, process exhaust and vacuum systems.

"Our transfer to the Main Market thereafter reflects the group's positive outlook in the future. We are optimistic that with the enhanced profile, coupled with our track record, we will be able to capture even more clients in the region," Gan said in a statement yesterday.

Shah Alam-based Kelington has established its footprint in Taiwan, China and Singapore.
