KELINGTON BAGS NEW CONTRACT WORTH APPROXIMATELY RM35.0 MILLION

Kuala Lumpur, 21 January 2020 – Integrated engineering solutions provider, Kelington Group Berhad (“Kelington” or “Group”) has clinched a new contract worth approximately RM35.0 million from one of the world’s leading semiconductor chip manufacturer to provide infrastructure works for a facility in Penang, Malaysia.

This contract is categorized under the Group’s General Contracting segment and is expected to be completed within nine months, by September 2020.

Ir. Raymond Gan, Chief Executive Officer of Kelington Group Berhad said, “We are off to a strong start in 2020 and we hope to sustain the momentum as we increase our tender activities across our key markets in China, Malaysia and Singapore.

“Despite the challenging operating environment, there are vast business opportunities in the semiconductor sector. By leveraging on our track record and strength, we believe we stand a good chance to clinch more jobs especially from semiconductor clients that we have established long-term relationships with over the years,” he added.

The Group secured a total value of new orders at RM386 million in the financial year ended 31 December 2019. Projects from the Ultra High Purity (“UHP”) segment contributes the majority of the Group’s orderbook at 81% followed by Process Engineering segment (13%) and General Contracting segment (6%). The outstanding orderbook to be carried forward into the financial year ending 31 December 2020 (“FY2020”) will be announced in end February 2020 in conjunction with the 4Q2019 financial results.

ABOUT KELINGTON GROUP BERHAD (“Kelington” or the “Group”)

Kelington is an integrated engineering solutions provider specializing in ultra-high purity (UHP) gas and chemical delivery systems, mechanical process engineering, mechanical systems and electrical systems. The Group provides end-to-end engineering solutions ranging from system design to fabrication and installation of equipment to testing and maintenance.

Established since 2000, the Group serves customers in the high technology industry across different sectors such as Industrial Gases, Wafer Fabrication, Solar Energy, TFT-LCT, Bioscience and Light Emitting Diode (LED). In line with its expansion plans, Kelington has also expanded its industry focus to include the pharmaceutical, healthcare and oil and gas sectors.
