Chairman's Statement

Dear Shareholders,

"On behalf of the Board of Directors, I am pleased to present the Annual Report of KGB for the financial year ended ('FYE') 31 December 2013."

ECONOMICS OVERVIEW

As a result of the various government initiatives supported by robust domestic demand and strong macroeconomic fundamentals as well as accommodative monetary and fiscal policies, Malaysia achieved a steady growth of 4.5% in Gross Domestic Product ('GDP') in 2013.

The global economy was modest driven by better growth prospects in the US, Japan and China. Though China performed its worst since 1999, it was still a growth at 7.70% while Singapore charted 4.10% growth which was better compared to 2012. Taiwan saw a 2.19% growth for the year under review.

Despite the softer economic climate in these countries where KGB has a presence, I am pleased to note that we won several contracts from our clients operating in the abovementioned countries.

OPERATIONAL REVIEW

2013 was both an exciting and challenging year for KGB. The high technology industry in which we served is subject to cyclical fluctuations. Due to weaker market conditions, our clients and other organisations within the industry postponed investment decisions and cut back on capital expenditure. Bidding process was also more competitive resulting in compressed margins, and this attributed to KGB reporting a lower profit in FYE 31 December 2013 as compared to 2012.

We have learnt from the challenges we faced in 2012 and have embarked on a longer term sustainability strategy which was to broaden KGB's income base. We shifted our focus away from being too heavily reliant on ad-hoc projects from few selected industries to include more revenue recurring-based projects. Leveraging on the wealth of our high value engineering skills, we cast our net wider to reach out and serve other emerging industries. This strategy not only enables us to steer the Group into areas of greater opportunity namely new sectors and geographical reach, it also allows us to expand our portfolios, customer base, and cross sell our services along the value chain.

Towards the second quarter of 2013, we began to reap the efforts put in place to grow the Company. The Group successfully secured a two plus one year total facility management contract from the world's largest chip maker.

And in the third quarter of the year, we successfully bagged a contract worth RM148.00 million from International Healthway Corporation ('IHC'), a reputable healthcare provider with regional presence. This is our single largest contract to-date since inception.

Our first foray into the overseas market was in 2002 and since then, the Group has further established and grew our presence into neighbouring countries namely China, Taiwan, Singapore and Vietnam. With the experience gained working in these countries and being equipped with a suite of integrated engineering services, we re-looked at opportunities to cross sell our suite of services to existing clients while exploring new clients and markets.

We have also aggressively marketed our core skill in high value engineering capabilities to a gamut of emerging industries such as Renewable Energy, Solar, Healthcare, Pharmaceutical, Bioscience, Oil and Gas, Power, Palm Oil Refinery, and Aerospace to name a few. We successfully clinched a few contracts from these industries and our tender book as at 9 May 2014 stands at RM344.00 million.

For the year under review, the Group was able to overcome obstacles as a result of the growth strategies we have put in place since 2012. We strive to deliver a better set of results in FYE 31 December 2014. Courage to set new targets and strive to be better are fundamental to KGB's business ethos, which we believe will continue to drive the Group to the next leap of growth.

FINANCIAL PERFORMANCE

Despite a challenging business environment, KGB managed to keep revenue for the year under review at a level similar to the previous corresponding year. Revenue recorded for the year was at RM117.40 million against RM116.20 million for the year before.

KGB remained profitable despite a 51% drop in net attributable profit to RM2.83 million from RM5.82 million previously recorded. The decline was attributable to lower margins from the projects in hand as well as the competitive operating environment in Taiwan and Singapore.

Malaysia and China were our best performing countries in 2013 contributing 39% and 30% respectively to the Group's revenue.

The year also saw better contribution from Singapore via Puritec Technologies (S) Pte. Ltd, which the Group acquired two (2) years ago contributing 25% to the Group's revenue in 2013. Its revenue contribution grew 50% to RM31.31 million from RM20.85 million recorded last year due to better projects mix and size of the projects undertaken.

DIVIDEND

In line with our Group's policy which stipulates a minimum dividend pay-out of 25% of its annual net profit, the Board has proposed a final tax exempt dividend of 0.5 sen per share or total dividend of RM797,332.00. The proposed pay-out is subject to shareholders' approval at the forthcoming Annual General Meeting ("AGM").

Chairman's Statement

FUTURE PROSPECTS

The year is entering into its second quarter and the Group has already secured an order book of approximately RM239.00 million which is expected to contribute positively to the Group's 2014 performance. In comparison, for the first six (6) months of the previous FYE 31 December 2013, our order book secured was less than RM100.00 million.

The Management is hopeful to secure more projects towards the second half of the year. As at the date of this statement, KGB has already obtained a Letter of Intent from a Taiwanese company involved in Biodiesel project worth approximately RM37.60 million.

In addition, by leveraging on our global based clients, we are hopeful to pursue greater opportunities in the global arena based on our track record, timely delivery and our suite of integrated high value engineering capabilities.

KGB is also well positioned to benefit from the government's vision to transform Malaysia into a high income nation. In order to achieve such status, the government is taking the necessary measures in redoubling its efforts to attract investment, drive productivity and innovation into the high technology industry.

On the macroeconomics front, Malaysia's projected growth for 2014 would be between five percent (5%) and five and a half percent (5.5%) anchored by domestic demand, sustained private consumption, capital spending in the domestic-oriented industries and the on-going implementation of infrastructure projects. This will augur well for KGB as Malaysia will continue to be the leading contributor to the Group's revenue.

For the past two (2) years, KGB's profitability was impacted by the downtrend in the semiconductor industry. However, the industry is picking up momentum since the fourth quarter of 2013. Most industry research groups expect stronger sales growth of seven (7) to eight (8) percent, driven by the uptick in industry demand on the back of improving global economy (especially in the US and emerging markets). The positive outlook for semiconductor equipment spending will also support the higher industry demand growth which will benefit KGB as the Group has a specialised team of engineers who are trained to serve the industry players.

ACKNOWLEDGEMENT

The challenges in 2013 have tested our resilience and business tenacity but we have emerged stronger as a group and as a team and are excited about the opportunities abound for us in 2014. I would like to take the opportunity to convey my sincere gratitude to my fellow Board members for their invaluable advice, insight and counsel. I thank all my colleagues in their respective positions and roles for the commitment and dedication in spurring the Company forward. Last but not least, my gratitude goes to the stakeholders, government authorities, bankers, customers, partners, suppliers, business associates, analysts, fund managers and members of the media for their support. We shall look forward to a stronger financial year ahead.

Thank You.

Corporate Governance Statement

The Board of Directors ("the Board") of KGB recognises the importance of adopting a good corporate governance culture in the organisation. The Board also took cognisant of the fact that appropriate standard of corporate governance will generate long term values to the shareholders of the Company as well as other stakeholders. Therefore, the Board is committed to implement the Principles and Recommendations as set out in the Malaysian Code on Corporate Governance 2012 ("MCCG 2012") with reference to the Corporate Governance Guide ("the Guide") issued by Bursa Malaysia Securities Berhad ("Bursa Securities").

The Board is pleased to provide the following statement which outlined the Principles and Recommendations of the MCCG 2012 that have been in place throughout the financial year 2013:-

1. ESTABLISH CLEAR ROLES AND RESPONSIBILITIES

1.1 Clear functions of the Board and those delegated to Management

The Board is responsible for formulating and reviewing KGB's strategic plans and key policies, and charting the course of the Group's business operations whilst providing effective oversight of Management's performance, risk assessment and controls over business operations.

The role of Management is to support the Executive Directors and implement the running of the general operations and financial business of the Company, in accordance with the delegated authority of the Board.

The responsibility for the operation and administration of the Group is delegated by the Board to the Executive Directors.

The Board delegates and confers some of the Board's authorities and discretion on the Executive Directors as well as on properly constituted Committees comprising Non-Executive Directors which operates within clearly defined terms and reference ("TOR"). The Board Committees consist of Audit Committee ("AC"), Nomination Committee ("NC"), Remuneration Committee ("RC"), and Option Committee ("OC"). Key matters that reserved for the Board's approval include, amongst others the following:

- Key corporate announcements including annual financial statements and interim reports.
- Declaration of dividends.
- Board strategy, business plans and annual operating budget and of any subsequent material changes in strategic direction or material deviations in business plans.
- Treasury policies and bank mandate.
- The prosecution, defence or settlement of legal or arbitration proceedings where material and except in the ordinary course of business.
- The approval and authority to issue Circulars to Shareholders of the Company.
- Key human resource issue and Succession Planning.
- Material acquisitions and disposition of assets not in the ordinary course of business.
- Investments in capital projects.
- Authority levels.
- Risk management policies.

The Board has established the roles and responsibilities of the Chairman which is distinct and separate from the duties and responsibilities of the CEO as set out in the Board Charter. This segregation between the duties of the Chairman and CEO, ensures an appropriate balance of role, responsibility and accountability at Board level. The Chairman of the Board is Ir. Gan Hung Keng, an Executive Chairman cum CEO. He will continue to carry out his roles as Executive Chairman cum CEO of the Company given by his wide experience in engineering services until the appropriate candidate is identified and the roles will be segregated.

The Non-Executive Directors are independent of Management. Their roles are to constructively challenge Management and monitor the success of Management in delivering the approved targets and business plans within the risk appetite set by the Board. They have free and open contact with Management at all levels, and they engage with the External and Internal Auditors to address matters concerning Management and oversight of the Company's business and operations.

1. **ESTABLISH CLEAR ROLES AND RESPONSIBILITIES** *cont'd*

1.2 Clear roles and responsibilities in discharging fiduciary and leadership functions

The Board has discharged its responsibilities in the best interests of the Company. The following are among the key responsibilities of the Board:-

a. Reviewing and adopting the Company's strategic plans

The Board had implemented a strategy planning process, whereby Management presents to the Board its recommended strategy annually, together with its proposed business plans for the ensuing year for the Board's review and approval.

The Board will deliberate both Management's and its own perspectives, and challenges Management's views and assumptions to ensure the best outcome.

b. Overseeing the conduct of the Company's business

The CEO is responsible for the day-to-day management of the business and operations of the Group to ensure the smooth and effective running of the Group. He is supported by the COO, the key personnel and Management and other Board Committees.

Management's performance, under the leadership of CEO, is assessed by the Board through monitoring the success of Management in delivering the approved targets and business plans against the performance of the Group.

c. Identifying principal risks and ensuring the implementation of appropriate internal controls and mitigation measures

Through the AC, the Board oversees the Risk Management framework of the Group. The AC advises the Board on areas of high risk faced by the Group and the adequacy of compliance and control throughout the organisation. The AC reviews the action plans implemented and makes relevant recommendations to the Board to manage residual risks.

d. Succession Planning

The Board has entrusted the NC and RC with the responsibility to review candidates for the Board and key management positions and to determine compensation packages for these appointments, and to formulate nomination, selection compensation and succession policies for the Group.

The NC also undertakes yearly evaluation of the performance of the Chief Financial Officer ("CFO") whose remunerations is directly linked to performance, based on his score sheet. For this purpose, the performance evaluation for the year 2013 of the CFO was reviewed by the NC in February 2014.

e. Overseeing the development and implementation of a shareholder communications policy for the Company

The Company strongly believes that transparency and effective and timely communication are essential in maintaining good relations with the investors and investment community. The Company carried out its Investor Relations ("IR") activities with reference to its stated Corporate Disclosure Policy, which is available on its website.

The Company has identified Mr Tan Chuan Yong and Mr Chan Thian Kiat, as the Senior Independent Non-Executive Directors to whom concerns of shareholders and other stakeholders may be conveyed.

In addition to the above, shareholders and investors can make inquiries about IR matters with designated management personnel directly responsible for IR, via dedicated email addresses which are available on the Group's corporate website.

f. Reviewing the adequacy and integrity of management information and internal control system of the Company

The Board is ultimately responsible for the adequacy and integrity of the Company's internal control system. Details pertaining to the Company's internal control system and the reviews of its effectiveness are set out in the Statement on Risk Management and Internal Control of this Annual Report.

1.3 Formalised ethical standards through Code of Ethics

The Board is guided by the Directors' Code of Ethics in discharging its oversight role effectively. The Code of Ethics requires all Directors to observe high ethical business standards, honesty and integrity and to apply these values to all aspects of the Group's business and professional practice and act in good faith in the best interests of the Group and its shareholders. A summary of the Code of Ethics was published on the corporate website.

In addition, the Company's Whistleblowing Policy as published in the Company's website seek to foster an environment where integrity and ethical behaviour are maintained and any illegal or improper action and/or wrongdoing in the Company may be exposed.

1.4 Strategies promoting sustainability

The Board has formalised the Company's strategies on promoting sustainability. A detailed report on sustainability was published on the corporate website.

1.5 Access to information and advice

The Directors have individual and independent access to the advice and dedicated support services of the Company Secretaries in ensuring the effective functioning of the Board. The Directors may seek advice from Management on issues under their respective purview. The Directors may also interact directly with Management, or request further explanation, information or updates on any aspect of the Company's operations or business concerns from them.

In addition, the Board may seek independent professional advice at the Company's expense on specific issues to enable it to discharge its duties in relation to matters being deliberated.

1.6 Qualified and competent Company Secretaries

The Directors have ready and unrestricted access to the advice and services of the Company Secretary to enable them to discharge their duties effectively.

The Board is regularly updated and apprised by the Company Secretary on new regulation issued by the regulatory authorities. The Company Secretary also serves notice to the Directors and Principal Officers to notify them of closed periods for trading in KGB securities.

The Company Secretary attends and ensures that all Board meetings are properly convened, and that accurate and proper records of the proceedings and resolutions passed are taken and maintained in the statutory register of the Company.

The Company Secretary works closely with Management to ensure that there are timely and appropriate information flows within and to the Board and Board Committees, and between the Non-Executive Directors and Management.

1.7 Board Charter

In discharging its duties, the Board of KGB is constantly mindful of the need to safeguard the interests of the Group's stakeholders. In order to facilitate the effective discharge of its duties, the Board is guided by the Board Charter together with a Board Manual. The Board Charter was published on the corporate website.

The Board Charter serves to ensure that all Board members acting on the Group's behalf are aware of their expanding roles and responsibilities. It sets out the strategic intents and specific responsibilities to be discharged by the Board members collectively and individually. It also regulates on how the Board conducts business in accordance with sound corporate governance principles.

The Board Manual provides reference for Directors in relation to the Directors' duties and obligations and outlines processes and procedures to ensure the Group's Board and their Committees' effectiveness and efficiency. It shall be updated from time to time to reflect changes to the amendments of relevant rules and regulations, or to be reviewed at least once in two (2) years, whichever is earlier.

The chapters covered under the Board Manual are as follows:-

- Group's Standard of Business Conduct
- Directors' Duties and Obligations
- Appointment and Resignation of Directors
- Board and Board Committee Proceedings
- Remuneration and Benefits for Directors
- Supply of Information to the Board
- Delegation of Authority Table
- Training and Induction Programmes
- Annual Board Assessment
- Conflict of Interest and Related Party Transactions
- Code of Ethics and Conduct for Company Director
- Whistleblowing Policy
- Corporate Disclosure Policy
- Gender Diversity Policy

2.0 STRENGTHEN COMPOSITION

2.1 NC

The NC comprises all Independent Non-Executive Directors.

The TOR of the NC are as follows:-

- To recommend candidates for all directorships to be filled by shareholders or the Board;
- To recommend candidates to fill the seats on Board Committees;
- To recruit and retain the best available Directors;
- To assess the contribution of each individual Director;
- To review annually the Board structure, size, composition and the balance between Executive Directors, Non-Executive Directors and Independent Directors to ensure that the Board has the appropriate mix of skills and experience including core competencies which Directors should bring to the Board and other qualities to function effectively and efficiently;
- To take the necessary steps to ensure that women candidates are sought as part of the Company's recruitment exercise to meet its gender diversity policy;
- To review annually the independence of Independent Directors;
- To ensure existence of an appropriate framework and succession plan for the Executive Director and Senior Management of the Company;
- To recommend Directors who are retiring (by rotation) for re-election and termination of Board membership for appropriate reasons;
- To recommend to the Board the removal of a Director from the Board or Management if the Director or Management is inefficient, errant and negligent in discharging his/her responsibilities;

2.1 NC *cont'd*

The terms of reference of the NC are as follows:- *cont'd*

- To assess annually the contribution of CEO and CFO;
- To consider, in making its recommendation, candidates for CEO and CFO;
- To ensure that all Board appointees undergo the necessary training programmes prescribed by the applicable statutory and regulatory bodies;
- To ensure adequate training and orientation is given to new Directors with respect to the business, structure and management of the Group as well as the expectations of the Board with regards to their contribution to the Board and Group;
- To establish and implement processes for assessing the effectiveness of the Board as a whole, the Committees of the Board and assessing the contribution of each Director;
- To consider other matters as referred to the NC by the Board; and
- To identify suitable orientation, educational and training programmes for continuous developments of Directors.

2.2 Senior Independent Non-Executive Directors

The Board has identified the Independent Non-Executive Directors, Mr Tan Chuan Yong and Mr Chan Thian Kiat, as the Senior Independent Non-Executive Directors to whom concerns of shareholders and other stakeholders may be conveyed. The NC was chaired by Mr Tan Chuan Yong.

They can be contacted at tcy@kllaw.com.my and steventkchan@yahoo.com.

2.3 Develop, maintain and review criteria for recruitment and annual assessment of Directors

a. Board appointment process

The appointment of new Directors to the Board is set out in a formal and transparent procedure as stipulated in the Board Manual, the primary responsibility of which has been delegated to the NC.

The NC is responsible for identifying and recommending suitable candidates for Board membership and also for assessing the performance of the Directors on an ongoing basis. The Board will have the ultimate responsibility and final decision on the appointment. This process shall ensure that the Board membership was accurately reflects the long-term strategic direction and needs of the Company and determine skills matrix to support strategic direction and needs of the Company.

Management shall then engage broadly to develop a pool of interested potential candidates meeting the skills, expertise, personal qualities and diversity requirements for both the Board and the Committee appointments.

The NC evaluates and matches the criteria of the candidate, and will consider diversity, including gender, where appropriate, and recommends to the Board for appointment.

Consideration will be given to those individuals possessing the identified skill, talent and experience.

The NC will contact those persons identified to determine interest in serving the Company. This communication will ensure that prospective Board members have clarity regarding the nomination process as well as Director/Board profiles, roles and responsibilities, expectations of time commitments and other information as required.

According to the Articles of Association of the Company, all Directors are require to submit themselves for re-election at intervals of not more than three (3) years. The Articles of Association also state that one-third (1/3) of the Board members shall retire from office at the AGM and shall be eligible for re-election at the same AGM.

The new Director(s) duly appointed by the Board shall then recommended for re-election at the AGM.

a. Board appointment process *cont'd*

The Company shall then provide orientation and on-going education to the Board.

In making the selection, the Board is assisted by the NC to consider the following aspects:

(i) Probity, personal integrity and reputation – the person must have the personal qualities such as honesty, integrity, diligence and independence of mind and fairness.

(ii) Competence and capability – the person must have the necessary skills, ability and commitment to carry out the role.

b. Annual Assessment

The Board reviews and evaluates its own performance and the performance of its Committees on an annual basis. The Board evaluation comprises a Board Assessment, an Individual (Self & Peer) Assessment and an Assessment of Independence of Independent Directors.

The assessment of the Board is based on specific criteria, covering areas such as the Board structure, Board operations, roles and responsibilities of the Board, the Board Committee and the Chairman's role and responsibilities.

For Individual (Self & Peer) Assessment, the assessment criteria include contribution to interaction, quality of inputs, understanding of roles and the Chairman's roles.

The results of the assessment would form the basis of the NC's recommendation to the Board for the re-election of Directors at the next AGM.

In addition, the NC has reviewed and evaluated the performance of CFO during the financial year.

c. Gender diversity policy

The Board has approved the establishment of a gender diversity policy, and has set the target to have at least one female director by 2018. The Company will endeavour to achieve this target through the progressive refreshing of the Board as it has implemented the nine-year policy for Independent Non-Executive Directors.

2.4 Remuneration Policies and Procedures

The RC and the Board ensure that the Company's remuneration policy remains supportive to the Company's corporate objectives and is aligned with the interest of shareholders, and further that the remuneration packages of Directors and key Senior Management Officers are sufficiently attractive to attract and to retain persons of high calibre.

The RC reviews annually the performance of the Executive Directors and submits recommendations to the Board on specific adjustments in remuneration and/or reward payments that reflect their respective contributions for the year, and which are depend on the performance of the Group, achievement of the goals and/or quantified organisational targets as well as strategic initiatives set at the beginning of each year.

The Board as a whole determines the remuneration of Non-Executive Directors and recommends the same for shareholders' approval.

The Non-Executive Directors are paid annual fees, and an attendance allowance for each Board meeting that they attended.

3.0 REINFORCE INDEPENDENCE

3.1 Annual Assessment of Independence

The Board, through the NC, assesses the independence of Independent Directors annually. The criteria for assessing the independence of an Independent Director include the relationship between the Independent Director and the Company and his involvement in any significant transaction with the Company.

Corporate Governance Statement
cont'd

3.0 REINFORCE INDEPENDENCE *cont'd*

3.1 Annual Assessment of Independence *cont'd*

Based on the above assessment in 2013, the Board is generally satisfied with the level of independence demonstrated by all the Independent Directors, and their ability to bring independent and objective judgement to the Board's deliberations.

With respect to the Independent Non-Executive Director who are seeking re-election at the forthcoming Fourteenth AGM, the NC is satisfied that Mr Chan Thian Kiat has demonstrated that he is independent of management and free from any business or other relationship which could interfere with the exercise of independent judgement. The Board therefore recommends and supports his proposed re-election.

3.2 Tenure of Independent Directors

The Board has adopted a nine-year policy for Independent Non-Executive Directors. An Independent Director may continue to serve on the Board subject to the Director's re-designation as a Non-Independent Director. Otherwise, the Board shall justify and seek shareholders' approval at the AGM in the event it retains the Director as an Independent Director.

None of the Independent Non-Executive Directors served more than nine (9) years in the Company.

3.3 Shareholders' approval for the Continuance Office as Independent Directors

The Board would seek shareholders' approval at the AGM if the Independent Director who has served in that capacity for more than nine (9) years shall remain as an Independent Director.

The NC will assess the independence of the Independent Director based on the assessment criteria developed by the NC, and recommended to the Board for recommendation to shareholders for approval. Justification for the Board's recommendation would be provided to shareholders.

3.4 Separation of the Positions of the Chairman and the CEO

One of the recommendations of the MCCG 2012 states that the position of the Chairman and the CEO should be held by different individuals, and the Chairman must be a non-executive member of the Board. However, the roles of the Chairman and the CEO have not been separated and both functions continue to be held by Ir. Gan Hung Keng.

As at todate, KGB has yet to identify an Independent Chairman who is sufficiently suitable for the role with the right experience, strength and understanding of the Group's business operations as KGB involves in the high-technologies industry which provides end-to-end engineering solutions for Ultra High Purify gas and chemical delivery systems. To go beyond box ticking and fulfil the aspiration and objective of the MCCG 2012, KGB is working on a five-years succession plan to identify and develop potential personnel to increase KGB's standards of corporate governance in line with the MCCG 2012.

To ensure balance of power and authority on the Board, the Board comprises a majority of Independent Directors. The Board is satisfied and assured that no individual or group of Directors has unfettered powers of decision that could create a potential conflict of interest.

3.5 Composition of the Board

The Board currently consists of six (6) members, comprising one (1) Executive Chairman, one (1) Executive Director and four (4) Independent Non-Executive Directors. The size of the Board is appropriate given the complexity and geographical spread of KGB's business.

The present composition of the Board is in compliance with Paragraph 15.02 of the Main Market Listing Requirements ("MMLR") as more than half of its members are Independent Directors.

The six (6) members of the Board are persons of high calibre and integrity, and they possess the appropriate skills and provide a wealth of knowledge, experience and skills in the key areas of accountancy, law, business operations and development, finance and risk management, amongst others.

4.0 FOSTER COMMITMENT

4.1 Time Commitment

The Board is satisfied with the level of time commitment given by the Directors towards fulfilling their roles and responsibilities as Directors of KGB. This is evidenced by the attendance record of the Directors at Board Meetings, as set out in the table below.

Name of Director	Attendance (As at 31/12/2013)
Ir. Gan Hung Keng (Chairman)	5/5
Ong Weng Leong	5/5
Chan Thian Kiat	5/5
Tan Chuan Yong	5/5
Vice Admiral (Retired) Datuk Haji Jamil bin Haji Osman	5/5
Soo Yuit Weng (Appointed w.e.f 1 February 2013)	4/5

To ensure that the Directors have the time to focus and fulfil their roles and responsibilities effectively, the Directors must not hold directorships at more than five (5) public listed companies and shall notify the Chairman before accepting any new directorship.

To facilitate the Directors' time planning, an annual meeting schedule is prepared and circulated at the beginning of every year, as well as the tentative closed periods for dealings in securities by Directors based on the targeted date of announcement of the Group's quarterly results.

4.2 Training

All Directors have completed the Mandatory Accreditation Programme ("MAP") as prescribed by Bursa Securities. The Company will continue to identify suitable training for the Directors to equip and update themselves with the necessary knowledge in discharging their duties and responsibilities as Directors.

The Directors are encouraged to attend briefing, conferences, forums, trade fairs (locally and internationally), seminars and training to keep abreast with the latest developments in the industry and to enhance their skills and knowledge.

5.0 UPHOLD INTEGRITY IN FINANCIAL REPORTING

5.1 Compliance with applicable financial reporting standards

The Board is committed to provide a balanced, clear and meaningful assessment of the financial performance and prospects of the Company via all disclosures and announcements made.

The Board is assisted by the AC to oversee and scrutinise the process and quality of the financial reporting, includes reviewing and monitoring the integrity of the financial statements and the appropriateness of the Company's accounting policies to ensure accuracy, adequacy and completeness of the report, as well as in compliance with the relevant accounting standards.

5.2 Assessment of suitability and independence of External Auditors

The AC is responsible for reviewing audit, recurring audit-related and non-audit services provided by the External Auditors. These recurring audit-related and non-audit services comprise regulatory reviews and reporting, interim reviews, tax advisory and compliance services.

The terms of engagement for services provided by the External Auditors are reviewed by the AC prior to submission to the Board for approval.

The AC has reviewed the provision of non-audit services by the External Auditors during the year and concluded that the provision of these services did not compromise the External Auditors' independence and objectivity as the amount of the fees paid for these services was not significant when compared to the total fees paid to the External Auditors.

Having satisfied itself with Messrs Crowe Horwath's performance, the AC will recommend their re-appointment to the Board, upon which the shareholders' approval will be sought at the AGM.

6.0 RECOGNISE AND MANAGE RISKS

6.1 Sound framework to manage risks

The Board oversees, reviews and monitors the operation, adequacy and effectiveness of the Group's system of internal controls.

The Board defines the level of risk appetite, approving and overseeing the operation of the Group's risk management framework, assessing its effectiveness and reviewing any major/ significant risk facing the Group.

The AC oversees the risk management framework of the Group and advises the Board on areas of high risk faced by the Group and the adequacy of compliance and control throughout the organisation. The AC also reviews the action plan implemented and makes relevant recommendations to the Board to manage residual risks.

The Company continues to maintain and review its internal control procedures to ensure the protection of its assets and its shareholders' investment.

6.2 Internal Audit Function

Since 2009, the Company has outsourced its internal audit function to a professional services firm named Audex Governance Sdn. Bhd. to assist the AC in discharging its duties and responsibilities in respect of reviewing the adequacy and effectiveness of the Group's risk management and internal control systems.

The Statement on Risk Management and Internal Control as included on pages 30 to 32 of this Annual Report provides the overview of the internal control framework adopted by the Company during the FYE 31 December 2013.

7.0 ENSURE TIMELY AND HIGH QUALITY DISCLOSURE

7.1 Corporate Disclosure Policy and Procedures

The Company has put in place a Corporate Disclosure Policy with the objective to ensure communications to the public are timely, factual, accurate, complete, broadly disseminated and where necessary, filed with regulators in accordance with applicable laws.

A Disclosure Committee comprises of Executive Directors and CFO was established in year 2013 and responsible for determining materiality of information and ensuring timely, complete and accurate disclosure of material information to the investing public in accordance with securities laws and stock exchange rules and regulations, monitoring compliance with this policy and overseeing the disclosure controls and procedures.

Sufficient information would be provided to the Company Secretary for drafting of necessary announcement. The Committee will conduct proper verification and due diligence on the disclosure of material information to the public.

Clear roles and responsibilities of Directors, Management, and employees are provided in the policy to ensure that the confidential information is handled properly to avoid leakage and improper use of such information.

The Board is mindful that information which is expected to be material must be announced immediately.

7.2 Leverage on information technology for effective dissemination of information

KGB's website provides all relevant corporate information and it is accessible by the public. The Company's website enhances the IR function by including share price information, all announcements made by KGB, Annual Reports, financial results, corporate calendar as well as the corporate governance statement of KGB.

Through the Company's website, the stakeholders are able to direct queries to the Company.

8.0 STRENGTHEN RELATIONSHIP BETWEEN COMPANY AND SHAREHOLDERS

8.1 Encourage shareholder participation at general meetings

In an effort to encourage greater shareholders' participation at AGMs, the Board takes cognisance in serving longer than the required minimum notice period for AGMs, when possible. The Chairman together with the Senior Independent Non-Executive Directors ensure that an open channel of communication is cultivated.

KGB encloses the Annual Report together with the Circulars to Shareholders and notice of AGM with regard to, amongst others, details of the AGM, their entitlement to attend the AGM, the right to appoint proxy and also qualification of proxy.

The Company allows a shareholder to appoint a proxy who may not be a member of the Company. If the proxy is not a member of the Company, he/she need not be an advocate, an approved company auditors or a person approved by the Registrar of Companies.

To further promote participation of members through proxies, which in line with the Main Market Listing Requirements, the Company had amended its Articles of Association to include explicitly the right of proxies to speak at general meetings.

8.2 Encourage poll voting

At the Thirteenth AGM of the Company held on 26 June 2013, all resolutions put forth for shareholders' approval at the meeting were voted on by show of hands.

The Chairman would ensure that shareholders were informed of their rights to demand a poll vote at the commencement of the AGM.

8.3 Effective communication and proactive engagement

At the Thirteenth AGM, a total of 5 out of 6 Directors were present in person to engage directly with, and be accountable to the shareholders for their stewardship of the Company. The Directors, Management and External Auditors were in attendance to respond to the shareholders' queries.

From the Company's perspective, the AGM also serves as a forum for Directors and Management to engage with the shareholders personally to understand their needs and seek their feedback. The Board welcomes questions and feedback from shareholders during and at the end of shareholders' meeting and ensures their queries are responded in a proper and systematic manner.

COMPLIANCE STATEMENT

The Board is satisfied that the Company has in 2013 complied with the Principles and Recommendations of the MCCG 2012 save for one (1) of the Recommendations that the position of the Chairman and the CEO should be held by different individuals, and the Chairman must be a non-executive member of the Board.

This statement is made in accordance with the resolution of the Board dated 24 April 2014.

STATEMENT OF DIRECTORS' RESPONSIBILITY

Directors are legally required to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and of the Company at the end of the financial year and of the results of the Group and of the Company for the financial year then ended.

In preparing those financial statements, the Directors of the Company have:

- Adopted suitable accounting policies and then applied them consistently;
- Made judgements and estimates that are prudent and reasonable;
- Ensured applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and the Company will continue in business.

The Directors are responsible for ensuring that proper accounting and other records are kept which enable the preparation of the financial statement with reasonable accuracy on the disclosure of the financial position of the Group and of the Company, and to enable them to ensure that the financial statements comply with the provisions of the Companies Act, 1965 and the applicable accounting standards approved by the Malaysian Accounting Standards Board in Malaysia for Entities other than Private Entities. The Directors are also responsible for taking reasonable steps to ensure that appropriate systems are in place to safeguard the assets of the Group and of the Company and hence, to prevent and detect fraud and other irregularities.

Statement on Risk Management and Internal Control

INTRODUCTION

The Board of KGB is pleased to present its Statement on Risk Management and Internal Control for the FYE 31 December 2013, which has been prepared pursuant to paragraph 15.26 (b) of Bursa Securities' MMLR and as guided by Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers ("the Guidelines"). This statement outlines the nature and state of the risk management and internal controls of the Group during the financial year.

BOARD RESPONSIBILITY

The Board acknowledges its responsibility and re-affirms its commitment for the Group's systems of risk management and internal control and for reviewing its adequacy and effectiveness to ensure that the Group's assets and shareholders' interests are safeguarded.

Due to the inherent limitations in any systems of risk management and internal control, such systems put in place by Management can only manage rather than eliminate the risks that may impede the achievement of the Group's business objectives or goals. Therefore, such systems of risk management and internal control can only provide reasonable and not absolute assurance against material misstatement or loss.

RISK MANAGEMENT FRAMEWORK

The Board acknowledges that the Group's business activities involve some degree of risk and Key Management staff and Head of Departments are delegated with the responsibility to manage identified risks within defined parameters and standards.

The Board has an on-going process for identifying, evaluating and managing the significant risks it faces. The Board regularly reviews the results of this process, including measures taken by Management to address areas of key risks as identified. This process has been in place for the financial year under review and up to the date of approval of this statement.

During the financial year under review, Management with the assistance of external consultants updated the Group's key risk profile. The results of the risk assessment update were presented to the AC on 26 February 2014. Risks identified were prioritised in terms of the possibility of likelihood of their occurrence and the impact on the achievement of the Groups' business objective/goals. This allows Management to allocate appropriate resources in the mitigation of risks.

The abovementioned practices and initiatives by Management serves as the on-going process used to identify, evaluate and managed significant risks.

INTERNAL AUDIT MECHANISM

The AC examines the adequacy and effectiveness of the Group's system of internal control and make recommendations to Management on actions to be taken, if any, via the review of reports of the independent Internal and External Auditors. Although a number of internal control weaknesses were identified, none of the weaknesses have resulted in any material losses that would require a separate disclosure in this Annual Report.

Presently, the Group's internal audit function is outsourced to a professional services firm to review the adequacy and effectiveness of the Group's internal control system. The internal audit function reports directly to the AC.

A risk based internal audit plan is tabled to the AC for review and approval. The internal audit function executes the audits based on the approved plan for FYE 31 December 2013 and the results of the audit reviews are periodically reported to the AC. Based on results of the review, discussions with the Management were held to deliberate on the actions that are required to be taken to address internal control matters identified by the outsourced internal audit function.

The total cost incurred by the internal audit function is at RM44,241 for the FYE 31 December 2013.

OTHER KEY ELEMENTS OF INTERNAL CONTROL

The other key elements of the Group's system of internal control are:

a) **Management Structure**

The Group maintains a formal organisation structure with clear lines of accountability and responsibility. The daily running of the businesses is entrusted to the Executive Directors and their Management teams. The heads of each operating subsidiary and department of the Group are empowered with the responsibility of managing their respective operations.

b) **Periodical and/or Annual Budget**

Periodic business planning and budgeting are performed to establish the Group's plans and targets according to the Group's business objectives. This activity examines strengths, weaknesses, opportunities, threats and key business risk of the Group. Deviation from plans and budget are reported to the Board on a periodical basis.

c) **Reporting and Review**

Periodic operational and financial reports are prepared and presented to the Board for discussion and review based on the established reporting hierarchy within the Group. Ad-hoc and scheduled meetings are held at operational and management levels to identify operational issues, discuss and review the business plans, budgets, financial and operational performances of the Group, and etc.

d) **ISO Quality**

Both KGB and Kelington Technologies Sdn. Bhd. have been certified with ISO 9001:2008 Quality Management System since March 2010. Yearly surveillance audits and periodic re-assessments are carried out to ensure its adherence and application of the ISO quality policies and procedures.

e) **Internal Policies and Procedures**

Policies and procedures, handbook, guidelines and authority limits have been established to guide personnel on day-to-day operational activities.

f) **External Audit**

In accordance with Paragraph 15.23 of Bursa Securities' MMLR, the External Auditors have performed a review on the Statement on Risk Management and Internal Control for its inclusion into the Annual Report of the Company for FYE 31 December 2013, and reported to the Board that nothing has come to their attention that cause them to believe that the statement is inconsistent with their understanding of the state of internal control of the Group.

g) **Related Party Transactions**

Related party transactions (if any) are disclosed, reviewed, and monitored by the AC and presented to the Board on a periodical basis.

ASSURANCE PROVIDED BY THE GROUP CEO AND CFO

In line with the Guidelines, the Group CEO and CFO have provided assurance to the Board that the Group's risk management and internal control systems have operated adequately and effectively, in all material aspects, to meet the Group's objectives during the financial year under review.

CONCLUSION

The Board is of the view that the risk management and internal control systems are satisfactory and have not resulted in any material losses, contingencies or uncertainties that would require a separate disclosure in the Company's Annual Report.

The Board recognises the necessity to continuously improve the Group's system of internal control and risk management practices to safeguard shareholders' investments and the Group's assets. Therefore, the Board will continuously evolve the Group's system of internal control to meet the changing and challenging business environment and put in place appropriate action plans to further enhance the system of internal control, if necessary.

This Statement on Risk Management and Internal Control is made in accordance with the resolution of the Board of Directors dated on 24 April 2014.

Audit Committee Report

The Board presents the AC Report to provide insights on the discharge of the AC's functions for the Group in the year 2013.

COMPOSITION AND ATTENDANCE

The AC comprises three (3) members, all of whom are Independent Non-Executive Directors who satisfies the test of independence under the MMLR of Bursa Securities. This meets the requirements of Paragraph 15.09(1)(b) of the MMLR.

The AC members and details of attendance of each member at the AC meetings held during the FYE 31 December 2013 are as follows:

Director Meeting attendance

Audit Committee	Meeting Attendance
Chan Thian Kiat *(Senior Independent Non-Executive Director)* *Chairman*	5/5
Tan Chuan Yong *(Senior Independent Non-Executive Director)* *Member*	5/5
Soo Yuit Weng *(Independent Non-Executive Director)* *Member* *(Appointed on 1 February 2013)*	4/5

The AC Chairman, Chan Thian Kiat, is a fellow member of CPA Australia and an Associate of the Institute of Chartered Secretaries and Administrators ("ACIS"). Accordingly, KGB complies with Paragraph 15.09(1)(c)(ii)(bb) of the MMLR.

The Board assesses the performance of the AC and its members through an annual Board Committee effectiveness evaluation and is satisfied that they are able to discharge their functions, duties and responsibilities in accordance with the TOR of the AC which are available on KGB's website, thereby supporting the Board in ensuring appropriate Corporate Governance standards within the Group.

MEETINGS

The AC held five (5) meetings in the year 2013 and the Executive Directors were invited to all AC meetings to facilitate direct communication and to provide clarification on audit issues and the operations of the Group. The Internal Auditors were present two (2) out of five (5) AC meetings to table the respective Internal Audit ("IA") reports and Risk Assessment Report. Relevant Management of the audit subjects were invited to brief the AC on specific issues arising from relevant audit reports.

The AC met with the External Auditors two (2) times in the year 2013 without the presence of the Executive Directors, Management and Internal Auditors. At these meetings, the AC enquired about Management's cooperation with the External Auditors, sharing of information and proficiency and adequacy of resources in financial reporting functions. During the AC meetings, the External Auditors were invited to raise any matter they considered important for the AC's attention.

The AC Chairman obtained confirmation from the External Auditors that Management had given its full support and unrestricted access to information as required by the External Auditors to perform their duties.

Deliberations during the AC meetings, including the issues tabled and rationale adopted for decisions, were recorded. Minutes of the AC meetings were tabled for confirmation at the following AC meeting. In the year 2013, the AC Chairman presented the recommendations of the Committee to the Board for approval of the annual and quarterly financial statements as well as the circulars to shareholders. The AC Chairman also conveyed to the Board matters of significant concern as and when raised by the External Auditors or Internal Auditors.

IA Function

The Company does not have an IA department. Since the year 2009, the Company has outsourced its IA function to a professional services firm named Audex Governance Sdn. Bhd. to assist the AC in discharging its duties and responsibilities in respect of reviewing the adequacy and effectiveness of the Group's risk management and internal control systems.

The role of the IA function is totally independent and not related to the Group's External Auditors. The IA will include evaluation of the processes by which significant risks are identified, assessed and managed and ensuing that instituted controls are appropriate and effectively applied and the risk exposures are consistent with the Company's risk management policy.

During the FYE 31 December 2013, the areas audited included audits of the various departments covering all the factories and subsidiaries within the Group. IA reports were issued to the AC regularly and tabled in the AC meetings. The reports were also issued to the respective operations management, incorporating audit recommendations and management's responses with regards to any audit findings on the weaknesses in the systems and controls of the operations. The IA also follows up with Management on the implementation of the agreed audit recommendations. The total costs incurred for IA function of the Group for the FYE 31 December 2013 was amounted to RM44,241.00.

Statement of Allocation of Employees' Share Option Scheme ("ESOS")

There was 587,200 options allocated during the FYE 31 December 2013.

The AC has verified the allocation of options that offered to the eligible persons under ESOS and satisfied that the allocation was in compliance with the ESOS By-law and criteria set out by the OC.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for impairment losses on receivables, and satisfied themselves that there are no known bad debts and that adequate allowance had been made for impairment losses on receivables.

At the date of this report, the directors are not aware of any circumstances that would require the writing off of bad debts, or the additional allowance for impairment losses on receivables in the financial statements of the Group and of the Company.

CURRENT ASSETS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that any current assets other than debts, which were unlikely to be realised in the ordinary course of business, including their value as shown in the accounting records of the Group and of the Company, have been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

The contingent liabilities are disclosed in Note 35 to the financial statements. At the date of this report, there does not exist:-

(i) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or

(ii) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability of the Group and of the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF AN UNUSUAL NATURE

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect substantially the results of the operations of the Group and of the Company for the financial year.

DIRECTORS' BENEFITS

Since the end of the previous financial year, no director has received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by directors as shown in the financial statements, or the fixed salary of a full-time employee of the Company) by reason of a contract made by the Group or the Company or a related corporation with the director or with a firm of which the director is a member, or with a company in which the director has a substantial financial interest except for any benefits which may be deemed to arise from transactions entered into in the ordinary course of business with companies in which certain directors have substantial financial interests as disclosed in Note 32 to the financial statements.

Neither during nor at the end of the financial year was the Group or the Company a party to any arrangements whose object is to enable the directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate other than the options granted to certain directors pursuant to the ESOS of the Company.

Independent Auditors' Report
To the Members of Kelington Group Berhad

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of Kelington Group Berhad, which comprise the statements of financial position as at 31 December 2013 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 53 to 116.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as of 31 December 2013 and of their financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report the following:-

(a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.

(b) We have considered the financial statements and the auditors' reports of the subsidiaries of which we have not acted as auditors, which are indicated in Note 5 to the financial statements.

(c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.

(d) The audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

OTHER REPORTING RESPONSIBILITIES

The supplementary information set out in Note 38 on page 117 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Notes to the Financial Statements
For the financial year ended 31 December 2013

1. GENERAL INFORMATION

The Company is a public company limited by shares and is incorporated under the Companies Act 1965 in Malaysia. The domicile of the Company is Malaysia. The registered office and principal place of business are as follows:-

Registered office	:	10th Floor, Menara Hap Seng, No. 1 & 3, Jalan P. Ramlee, 50250 Kuala Lumpur.
Principal place of business	:	3, Jalan Astaka U8/83, Seksyen 8, Bukit Jelutong Industrial Park, 40150 Shah Alam, Selangor Darul Ehsan.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors dated 24 April 2014.

2. PRINCIPAL ACTIVITIES

The Company is principally engaged in the businesses of providing engineering services and general trading. The principal activities of the subsidiaries are set out in Note 5 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

3. BASIS OF PREPARATION

The financial statements of the Group are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under significant accounting policies, and in compliance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia.

3.1 During the current financial year, the Group has adopted the following new accounting standards and interpretations (including the consequential amendments, if any):-

MFRSs and IC Interpretations (Including The Consequential Amendments)

MFRS 10 Consolidated Financial Statements
MFRS 11 Joint Arrangements
MFRS 12 Disclosure of Interests in Other Entities
MFRS 13 Fair Value Measurement
MFRS 119 (2011) Employee Benefits
MFRS 127 (2011) Separate Financial Statements
MFRS 128 (2011) Investments in Associates and Joint Ventures
Amendments to MFRS 7: Disclosures – Offsetting Financial Assets and Financial Liabilities
Amendments to MFRS 10, MFRS 11 and MFRS 12: Transition Guidance
Amendments to MFRS 101: Presentation of Items of Other Comprehensive Income
IC Interpretation 20 Stripping Costs in the Production Phase of a Surface Mine
Annual Improvements to MFRSs 2009 – 2011 Cycle

The adoption of the above accounting standards and interpretations (including the consequential amendments) did not have any material impact on the Group's financial statements.

3. BASIS OF PREPARATION *cont'd*

3.2 The Group has not applied in advance the following accounting standards and interpretations (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial year:-

MFRSs and IC Interpretations (Including The Consequential Amendments)	Effective Date
MFRS 9 (2009) Financial Instruments	)
MFRS 9 (2010) Financial Instruments	) To be
MFRS 9 Financial Instruments (Hedge Accounting and Amendments to MFRS 7, MFRS 9 and MFRS 139)	) announced) by MASB
Amendments to MFRS 9 and MFRS 7: Mandatory Effective Date of MFRS 9 and Transition Disclosures	))
Amendments to MFRS 10, MFRS 12 and MFRS 127 (2011): Investment Entities	1 January 2014
Amendments to MFRS 119: Defined Benefit Plans – Employee Contributions	1 July 2014
Amendments to MFRS 132: Offsetting Financial Assets and Financial Liabilities	1 January 2014
Amendments to MFRS 136: Recoverable Amount Disclosures for Non-financial Assets	1 January 2014
Amendments to MFRS 139: Novation of Derivatives and Continuation of Hedge Accounting	1 January 2014
IC Interpretation 21 Levies	1 January 2014
Annual Improvements to MFRSs 2010 – 2012 Cycle	1 July 2014
Annual Improvements to MFRSs 2011 – 2013 Cycle	1 July 2014

3.3 The above accounting standards and interpretations (including the consequential amendments) are not relevant to the Group's operations except as follows:-

MFRS 9 (2009) introduces new requirements for the classification and measurement of financial assets. Subsequently, this MFRS 9 was amended in year 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition (known as MFRS 9 (2010)). Generally, MFRS 9 replaces the parts of MFRS 139 that relate to the classification and measurement of financial instruments. MFRS 9 divides all financial assets into 2 categories – those measured at amortised cost and those measured at fair value, based on the entity's business model for managing its financial assets and the contractual cash flow characteristics of the instruments. For financial liabilities, the standard retains most of the MFRS 139 requirement. An entity choosing to measure a financial liability at fair value will present the portion of the change in its fair value due to changes in the entity's own credit risk in other comprehensive income rather than within profit or loss. Therefore, there will be no financial impact on the financial statements of the Group upon its initial application.

The amendments to MFRS 132 provide the application guidance for criteria to offset financial assets and financial liabilities. Therefore, there will be no financial impact on the financial statements of the Group upon its initial application.

The amendments to MFRS 136 remove the requirement to disclose the recoverable amount when a cash-generating unit (CGU) contains goodwill or intangible assets with indefinite useful lives but there has been no impairment. Therefore, there will be no financial impact on the financial statements of the Group upon its initial application but may impact its future disclosures. Therefore, there will be no financial impact on the financial statements of the Group upon its initial application.

4. SIGNIFICANT ACCOUNTING POLICIES

4.1 Critical Accounting Estimates and Judgements

Estimates and judgements are continually evaluated by the directors and management and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and judgements that affect the application of the Group's accounting policies and disclosures, and have a significant risk of causing a material adjustment to the carrying amounts of assets, liabilities, income and expenses are discussed below:-

(a) Depreciation of Property, Plant and Equipment

The estimates for the residual values, useful lives and related depreciation charges for the property, plant and equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions. The Group anticipates that the residual values of its property, plant and equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount. Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

(b) Income Taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Group recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax and deferred tax provisions in the year in which such determination is made.

(c) Impairment of Non-financial Assets

When the recoverable amount of an asset is determined based on the estimate of the value-in-use of the cash-generating unit to which the asset is allocated, the management is required to make an estimate of the expected future cash flows from the cash-generating unit and also to apply a suitable discount rate in order to determine the present value of those cash flows.

(d) Amortisation of Development Costs

Changes in the expected level of usage and technological development could impact the economic useful lives and therefore, future amortisation charges could be revised.

(e) Write-down of Inventories

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the valuation of inventories.

(f) Impairment of Trade and Other Receivables

An impairment loss is recognised when there is objective evidence that a financial asset is impaired. Management specifically reviews its loans and receivables financial assets and analyses historical bad debts, customer concentrations, customer creditworthiness, current economic trends and changes in the customer payment terms when making a judgment to evaluate the adequacy of the allowance for impairment losses. Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. If the expectation is different from the estimation, such difference will impact the carrying value of receivables.

4. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

4.1 Critical Accounting Estimates and Judgements *cont'd*

(g) Impairment of Goodwill

Goodwill is tested for impairment annually and at other times when such indicators exist. This requires management to estimate the expected future cash flows of the cash-generating unit to which goodwill is allocated and to apply a suitable discount rate in order to determine the present value of those cash flows. The future cash flows are most sensitive to budgeted gross margins, growth rates estimated and discount rate used. If the expectation is different from the estimation, such difference will impact the carrying value of goodwill.

(h) Fair Value Estimates for Certain Financial Assets and Liabilities

The Group carries certain financial assets and liabilities at fair value, which requires extensive use of accounting estimates and judgement. While significant components of fair value measurement were determined using verifiable objective evidence, the amount of changes in fair value would differ if the Group uses different valuation methodologies. Any changes in fair value of these assets and liabilities would affect profit and/or equity.

(i) Construction Contracts

The Group recognises contract revenue and expenses in the profit or loss by using the stage of completion method. The stage of completion is determined by the proportion that the contract costs incurred for work performed to date bear to the estimated total contract cost.

Significant judgement is required in determining the stage of completion, the extent of the contract costs incurred, the estimated total contract revenue and costs, as well as the recoverability of the projects. In making the judgement, the Group evaluates based on past experience.

(j) Provisions

The Group recognises a provision for liabilities associated with completed contract based on past experience of the level of repairs and return. The Group's provision for warranty is affected by claims due to actual repairs and return, which may result in the actual costs differing from the Group estimates.

(k) Share-based Payments

The Group measures the cost of equity settled transactions with employees by reference to the fair value of the equity investments at the date at which they are granted. The estimation of the fair value requires determining the most appropriate valuation model for a grant of equity instruments, which is dependent on the terms and conditions of the grant. This also requires determining the most appropriate inputs to the valuation model including the expected life of the option volatility and dividend yield and making assumptions about them.

4.2 Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31 December 2013.

Subsidiaries are entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

4. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

4.2 Basis of Consolidation *cont'd*

Intragroup transactions, balances, income and expenses are eliminated on consolidation. Where necessary, adjustments are made to the financial statements of subsidiaries to ensure consistency of accounting policies with those of the Group.

(a) Business Combinations

Acquisitions of businesses are accounted for using the acquisition method. Under the acquisition method, the consideration transferred for acquisition of a subsidiary is the fair value of the assets transferred, liabilities incurred and the equity interests issued by the Group at the acquisition date. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs, other than the costs to issue debt or equity securities, are recognised in profit or loss when incurred.

In a business combination achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Non-controlling interests in the acquiree may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets at the date of acquisition. The choice of measurement basis is made on a transaction-by-transaction basis.

(b) Non-controlling Interests

Non-controlling interests are presented within equity in the consolidated statement of financial position, separately from the equity attributable to owners of the Company. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

At the end of each reporting period, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

(c) Changes In Ownership Interests In Subsidiaries Without Change of Control

All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of consideration paid or received is recognised directly in equity of the Group.

(d) Loss of Control

Upon the loss of control of a subsidiary, the Group recognises any gain or loss on disposal in profit or loss which is calculated as the difference between:-

(i) the aggregate of the fair value of the consideration received and the fair value of any retained interest in the former subsidiary; and

(ii) the previous carrying amount of the assets (including goodwill), and liabilities of the former subsidiary and any non-controlling interests.

Amounts previously recognised in other comprehensive income in relation to the former subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of (i.e. reclassified to profit or loss or transferred directly to retained profits). The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under MFRS 139 or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

4. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

4.3 Goodwill

Goodwill is measured at cost less accumulated impairment losses, if any. The carrying value of goodwill is reviewed for impairment annually. The impairment value of goodwill is recognised immediately in profit or loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Under the acquisition method, any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interests recognised and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities at the date of acquisition is recorded as goodwill.

Where the latter amount exceeds the former, after reassessment, the excess represents a bargain purchase gain and is recognised as a gain in profit or loss.

4.4 Functional and Foreign Currencies

(a) Functional and Presentation Currency

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency.

The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

(b) Transactions and Balances

Transactions in foreign currencies are converted into the respective functional currencies on initial recognition, using the exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities at the end of the reporting period are translated at the rates ruling as of that date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. All exchange differences are recognised in profit or loss.

(c) Foreign Operations

Assets and liabilities of foreign operations are translated to RM at the rates of exchange ruling at the end of the reporting period. Revenues and expenses of foreign operations are translated at exchange rates ruling at the dates of the transactions. All exchange differences arising from translation are taken directly to other comprehensive income and accumulated in equity under the translation reserve. On the disposal of a foreign operation, the cumulative amount recognised in other comprehensive income relating to that particular foreign operation is reclassified from equity to profit or loss.

Goodwill and fair value adjustments arising from the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and are recorded in the functional currency of the foreign operations and translated at the closing rate at the end of the reporting period.

4.5 Financial Instruments

Financial instruments are recognised in the statements of financial position when the Group has become a party to the contractual provisions of the instruments.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

4. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

4.5 Financial Instruments *cont'd*

A financial instrument is recognised initially at its fair value. Transaction costs that are directly attributable to the acquisition or issue of the financial instrument (other than a financial instrument at fair value through profit or loss) are added to/deducted from the fair value on initial recognition, as appropriate. Transaction costs on the financial instrument at fair value through profit or loss are recognised immediately in profit or loss.

Financial instruments recognised in the statements of financial position are disclosed in the individual policy statement associated with each item.

(a) Financial Assets

On initial recognition, financial assets are classified as either financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables financial assets, or available-for-sale financial assets, as appropriate.

(i) Financial Assets at Fair Value through Profit or Loss

Financial assets are classified as financial assets at fair value through profit or loss when the financial asset is either held for trading or is designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges.

Financial assets at fair value through profit or loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. Dividend income from this category of financial assets is recognised in profit or loss when the Group's right to receive payment is established.

(ii) Held-to-maturity Investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the management has the positive intention and ability to hold to maturity. Held-to-maturity investments are measured at amortised cost using the effective interest method less any impairment loss, with interest income recognised in profit or loss on an effective yield basis.

(iii) Loans and Receivables Financial Assets

Trade receivables and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables financial assets. Loans and receivables financial assets are measured at amortised cost using the effective interest method, less any impairment loss. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

(iv) Available-for-sale Financial Assets

Available-for-sale financial assets are non-derivative financial assets that are designated in this category or are not classified in any of the other categories.

After initial recognition, available-for-sale financial assets are remeasured to their fair values at the end of each reporting period. Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the fair value reserve, with the exception of impairment losses. On derecognition, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity into profit or loss.

Dividends on available-for-sale equity instruments are recognised in profit or loss when the Group's right to receive payments is established.

4.5 Financial Instruments *cont'd*

(a) Financial Assets cont'd

(iv) Available-for-sale Financial Assets cont'd

Investments in equity instruments whose fair value cannot be reliably measured are measured at cost less accumulated impairment losses, if any.

(b) Financial Liabilities

All financial liabilities are initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method other than those categorised as fair value through profit or loss.

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise.

(c) Equity Instruments

Instruments classified as equity are measured at cost and are not remeasured subsequently.

(i) Ordinary Shares

Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from proceeds.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

(ii) Treasury Shares

When the Company's own shares recognised as equity are bought back, the amount of the consideration paid, including all costs directly attributable, are recognised as a deduction from equity. Own shares purchased that are not subsequently cancelled are classified as treasury shares and are presented as a deduction from total equity. Where such shares are subsequently sold or reissued, any consideration received, net of any direct costs, is included in equity.

Where such shares are subsequently sold or reissued, any consideration received, net of any direct costs, is included in equity.

(d) Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

4.6 Investments in Subsidiaries

Investments in subsidiaries are stated at cost plus the fair value of share options granted to employees of the subsidiaries over the vesting period deemed as capital contribution in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable. The cost of the investments includes transaction costs.

On the disposal of the investments in subsidiaries, the difference between the net disposal proceeds and the carrying amount of the investments is recognised in profit or loss.

4.7 Property, Plant and Equipment

Property, plant and equipment, other than freehold land, are stated at cost less accumulated depreciation and impairment losses, if any. Freehold land is stated at cost less impairment losses, if any, and is not depreciated.

Depreciation is charged to profit or loss (unless it is included in the carrying amount of another asset) on the straight-line method to write off the depreciable amount of the assets over their estimated useful lives. Depreciation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated. The principal annual rates used for this purpose are:-

Buildings	2%
Motor vehicles	10%
Office and computer equipment	10% - 20%
Tools and equipment	10%
Furniture, fittings and renovation	10%

The depreciation method, useful lives and residual values are reviewed, and adjusted if appropriate, at the end of each reporting period to ensure that the amounts, method and periods of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of the property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when the cost is incurred and it is probable that the future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of parts that are replaced is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred. Cost also comprises the initial estimate of dismantling and removing the asset and restoring the site on which it is located for which the Group is obligated to incur when the asset is acquired, if applicable.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset is recognised in profit or loss.

4.8 Development Costs

Research expenditure is recognised as an expense when it is incurred.

Development cost is recognised as an expense except that costs incurred on development projects are capitalised as non-current assets to the extent that such expenditure is expected to generate future economic benefits. Development cost is capitalised if, and only if an entity can demonstrate all of the following:-

(i) its ability to measure reliably the expenditure attributable to the asset under development;

(ii) the product or process is technically and commercially feasible;

(iii) its future economic benefits are probable;

(iv) its intention to complete and the ability to use or sell the developed asset; and

(v) the availability of adequate technical, financial and other resources to complete the asset under development.

Capitalised development cost is measured at cost less accumulated amortisation and impairment losses, if any. Development cost initially recognised as an expense is not recognised as assets in the subsequent period.

The development cost is amortised on a straight-line method over a period of 3 years when the products are ready for sale or use. In the event that the expected future economic benefits are no longer probable of being recovered, the development cost is written down to its recoverable amount.

4.9 Impairment

(a) Impairment of Financial Assets

All financial assets (other than those categorised at fair value through profit or loss), are assessed at the end of each reporting period whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. For an equity instrument, a significant or prolonged decline in the fair value below its cost is considered to be objective evidence of impairment.

An impairment loss in respect of held-to-maturity investments and loans and receivables financial assets is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the financial asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

(b) Impairment of Non-Financial Assets

The carrying values of assets, other than those to which MFRS 136 - Impairment of Assets does not apply, are reviewed at the end of each reporting period for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount of the assets is the higher of the assets' fair value less costs to sell and their value-in-use, which is measured by reference to discounted future cash flow.

4. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

4.9 Impairment *cont'd*

(b) Impairment of Non-Financial Assets *cont'd*

An impairment loss is recognised in profit or loss immediately.

In respect of assets other than goodwill, and when there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately, unless the asset is carried at its revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

4.10 Assets under Hire Purchase

Assets acquired under hire purchase are capitalised in the financial statements at the lower of the fair value of the leased assets and the present value of the minimum lease payments and, are depreciated in accordance with the policy set out in Note 4.7 above. Each hire purchase payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. Finance charges are recognised in profit or loss over the period of the respective hire purchase agreements.

4.11 Amounts Owing by/to Contract Customers

The amounts owing by/to contract customers are stated at cost plus profits attributable to contracts in progress less progress billings and allowance for foreseeable losses, if any. Cost includes direct materials, labour and applicable overheads.

4.12 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in-first-out basis and comprises the purchase price and incidentals incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price and the estimated costs necessary to make the sale.

4.13 Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of a qualifying asset, are capitalised as part of the cost of those assets, until such time as the assets are ready for their intended use or sale. Capitalisation of borrowing costs is suspended during extended periods in which active development is interrupted.

All other borrowing costs are recognised in profit or loss as expenses in the period in which they incurred.

Investment income earned on the temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

4. SIGNIFICANT ACCOUNTING POLICIES *cont'd*

4.14 Income Taxes

Income tax for the year comprises current and deferred tax.

Current tax is the expected amount of income taxes payable in respect of the taxable profit for the reporting period and is measured using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences other than those that arise from goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. The carrying amounts of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred income taxes relate to the same taxation authority.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transactions either in other comprehensive income or directly in equity and deferred tax arising from a business combination is included in the resulting goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs.

4.15 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, deposits pledged with financial institutions, bank overdrafts and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less.

4.16 Provisions

Provisions are recognised when the Group has a present obligation as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the provision is the present value of the estimated expenditure required to settle the obligation. The unwinding of the discount is recognised as interest expense in profit or loss.

4.17 Employee Benefits

(a) Short-term Benefits

Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are measured on an undiscounted basis and are recognised in profit or loss in the period in which the associated services are rendered by employees of the Group.

(b) Defined Contribution Plans

The Group's contributions to defined contribution plans are recognised in profit or loss in the period to which they relate. Once the contributions have been paid, the Group has no further liability in respect of the defined contribution plans.

(c) Share-based Payment Transactions

At grant date, the fair value of options granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period in which the employees become unconditionally entitled to the options. The amount recognised as an expense is adjusted to reflect the actual number of share options that are expected to vest.

In the separate financial statements of the Company, the grant by the Company of options over its equity instruments to the employees of subsidiary undertakings in the Group is treated as a capital contribution. The fair value of employee services received, measured by reference to the grant date fair value, is recognised over the vesting period as an increase to investment in subsidiary undertakings, with a corresponding credit to equity.

4.18 Related Parties

A party is related to an entity (referred to as the "reporting entity") if:-

(a) A person or a close member of that person's family is related to a reporting entity if that person:-

(i) has control or joint control over the reporting entity;
(ii) has significant influence over the reporting entity; or
(iii) is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.

(b) An entity is related to a reporting entity if any of the following conditions applies:-

(i) the entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
(ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
(iii) both entities are joint ventures of the same third party.
(iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
(v) the entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.
(vi) the entity is controlled or jointly controlled by a person identified in (a) above.
(vii) a person identified in (a)(i) above has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

4.19 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that an outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

4.20 Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using a valuation technique. The measurement assumes that the transaction takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial asset, the fair value measurement takes into account a market's participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial reporting purposes, the fair value measurements are analysed into level 1 to level 3 as follows:-

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liability that the entity can access at the measurement date;

Level 2: Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

4.21 Revenue and Other Income

(a) Contracts

Revenue on contracts is recognised on the percentage of completion method unless the outcome of the contract cannot be determined, in which case revenue on contracts is only recognised to the extent of contract costs incurred that are recoverable. Foreseeable losses, if any, are provided for in full as and when it can be reasonable ascertained that the contract will result in a loss.

The stage of completion is determined based on the proportion that contract costs incurred for work performed to date bear to the estimated total contract costs.

(b) Sale of Goods

Revenue is measured at fair value of the consideration received or receivable and is recognised upon delivery of goods and customers' acceptance and where applicable, net of returns and trade discounts.

(c) Interest Income

Interest income is recognised on an accrual basis.

(d) Dividend Income

Dividend income from investment is recognised when the right to receive dividend payment is established.

4.22 Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

7. GOODWILL *cont'd*

The carrying amounts of goodwill allocated to each cash-generating unit are as follows:-

	The Group	
	2013	2012
	RM'000	RM'000
PTS		
- provision of engineering services in clean energy system	5,220	4,857
Others	199	199
	5,419	5,056

The Group has assessed the recoverable amounts of goodwill allocated and determined that no impairment is required. The recoverable amounts of the cash-generating units are determined using the value-in-use approach, and this is derived from the present value of the future cash flows computed based on the projections of financial budgets approved by management covering a period of 5 years. The key assumptions used in the determination of the recoverable amounts are as follows:-

	Gross Margin		Growth Rates		Discount Rate	
	2013	2012	2013	2012	2013	2012
	17%	19%	5.0%	5.0 – 11.2%	13.2%	8.9%

(i) Budgeted gross profit margin — Based on the gross profit margin achieved in the current financial year.

(ii) Growth rates — Based on the expected projection of the engineering services industry.

(iii) Discount rate (pre-tax) — The weighted average cost of capital of the Company obtained from Bloomberg as at 31 December 2013.

The management believes that no reasonable change in the above key assumptions would cause the carrying amount of the goodwill to exceed its recoverable amounts.

According to the prevailing PRC laws and regulations applicable to the foreign subsidiary in the PRC, discretionary dedicated capital, which includes a general reserve fund and an enterprise expansion fund, should be maintained by the subsidiary. The Board of Directors of the subsidiary determines the amount of the annual appropriations to the dedicated capital. Such appropriations are reflected in the subsidiary's statement of financial position under equity. The appropriations will not be available for distribution to shareholders once appropriated, but may be used to set off losses or be converted into paid-up capital.

(c) Exchange Fluctuation Reserve

The exchange translation reserve arose from the translation of the financial statements of foreign subsidiaries and a foreign branch and is not distributable by way of dividends.

(d) Employees' Share Option Reserve

The Company granted 7,232,000 share options under the ESOS on 29 March 2011. These options expire on 30 May 2016 and are exercisable in 5 window option periods. The fair value of the share options measured at grant date and the respective exercise window periods are as below:-

	Exercise Window Period	Fair Value per Option (RM)
Lot 1	30 March - 30 May 2012	0.1725
Lot 2	30 March - 30 May 2013	0.1778
Lot 3	30 March - 30 May 2014	0.1793
Lot 4	30 March - 30 May 2015	0.1784
Lot 5	30 March - 30 May 2016	0.1732

The fair values of the share options granted were estimated using a binomial option pricing model, taking into account the terms and conditions upon which the options were granted. The assumptions used are as follows:-

	The Group/ The Company
Weighted average share price (RM)	0.34*
Exercise price (RM)	0.34*
Expected volatility (%)	41.37
Expected life (years)	5
Risk free rate (%)	3.656
Expected dividend yield (%)	4.406

(d) Employees' Share Option Reserve *cont'd*

The salient terms and conditions of the ESOS are as follows:-

1. The ESOS shall be in force for a duration of five (5) years from the implementation date;

2. The aggregate number of options exercised and offered and to be offered under the ESOS shall not exceed 10% of the issued and paid-up ordinary share capital of the Company at any one time during the duration of the ESOS, and further the following shall be complied with:-

   a) the aggregate allocation to the directors of the Group and senior management of the Company must not exceed 50% of the total number of the Company shares to be issued under the ESOS;

   b) the allocation to a director of the Company or eligible employee of the Group who, either singly or collectively through persons connected with the said director or eligible employee holds 20% or more of the issued and paid-up capital of the Company, must not exceed 10% of the total number of the Company shares to be issued under the ESOS;

3. Any employee of the Group or director of the Company who is at least 18 years of age and has been confirmed in service for regular full time employment of any company within the Group shall be eligible to participate in the ESOS;

4. The price at which the option holder is entitled to subscribe for each new ordinary share of the Company may be at a discount of not more than 10% from the 5 days weighted average market price of ordinary shares as at the offer date provided that the subscription price shall in no event be less than the par value of the ordinary shares;

5. The ESOS shall be administered by the Option Committee appointed by the board of directors to administer the ESOS; and

6. All the new ordinary shares issued arising from the ESOS shall rank pari passu in all respects with the existing ordinary shares of the Company.

(e) Treasury Shares

The shares purchased are being held as treasury shares in accordance with Section 67A of the Companies Act 1965 in Malaysia.

During the financial year, the Company purchased 951,900 of its issued ordinary shares from the open market at a weighted average price of approximately RM0.47 per share. The total consideration paid for the purchase including transaction costs amounted to approximately RM451,000.

As at 31 December 2013, the Company held a total of 1,013,900 treasury shares out of the total 160,680,200 issued and fully paid-up ordinary shares. The treasury shares are held at a carrying amount of approximately RM482,000.

(f) Retained Profits

Subject to the agreement of the tax authorities, at the end of the reporting period, the Company has sufficient tax-exempt income to frank the payment of dividends out of its entire retained profits.

At the end of the reporting period, the Company has automatically moved to the single tier system. Under the single tier tax system, tax on the Company's profits is the final tax and accordingly, any dividends to the shareholders are not subject to tax.

29. ACQUISITION OF SUBSIDIARIES *cont'd*

In the previous financial year, the fair values of the identifiable assets and liabilities of the subsidiaries at the date of acquisition were as follows:-

	At Date Of Acquisition		
	Carrying Amount	**Fair value Adjustment**	**Fair Value Recognised**
	RM'000	**RM'000**	**RM'000**
Equipment	215	-	215

Add: Goodwill on acquisition			4,857
Total purchase consideration			5,069
Less: Cash and cash equivalents of subsidiaries acquired			(507)
Net cash outflow for acquisition of subsidiaries			4,562

The goodwill recognised on the acquisition was attributable mainly to the profit guarantee of approximately SGD1,171,000 of the profit after tax of PTS and its subsidiary, PTM (collectively defined as "PTS Group").

The acquisition of PTS Group will enhance the Group's current business by extending services offered in ultra high purity delivery system and is expected to contribute positively to the future financial performance of the Group.

The acquired subsidiaries had contributed the following results to the Group in the previous financial year:-

	2012
	RM'000
Revenue	20,965
Profit after taxation	247

If the acquisition had taken place at the beginning of the previous financial year, the Group's revenue and profit after taxation would have been approximately RM117,075,000 and RM6,218,000 respectively.

36. FINANCIAL INSTRUMENTS

The Group's activities are exposed to a variety of market risks (including foreign currency risk, interest rate risk and equity price risk), credit risk and liquidity risk. The Group's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

36.1 Financial Risk Management Policies

The Group's policies in respect of the major areas of treasury activity are as follows:-

(a) Market Risk

(i) Foreign Currency Risk

The Group is exposed to foreign currency risk on transactions and balances that are denominated in foreign currencies. The currencies giving rise to this risk are primarily, Chinese Renminbi ("RMB"), United States Dollar ("USD"), New Taiwan Dollar ("NTD") and Singapore Dollar ("SGD"). Foreign currency risk is monitored closely on an ongoing basis to ensure that the net exposure is kept at an acceptable level.

The Group's exposure to foreign currency is as follows:-

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises mainly from interest-bearing financial assets and liabilities. The Group's policy is to obtain the most favourable interest rates available. Any surplus funds of the Group will be placed with licensed financial institutions to generate interest income.

Information relating to the Group's exposure to the interest rate risk of the financial liabilities is disclosed in Note 36.1(c) to the financial statements.

Decrease of 100 bp	195	150	83	50

(iii) Equity Price Risk

The Group and the Company does not have any quoted investments and hence is not exposed to equity price risk.

(b) Credit Risk

The Group's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables. The Group manages its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. The Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of the trade and other receivables as appropriate. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component established for groups of similar assets in respect of losses that have been incurred but not yet identified. Impairment is estimated by management based on prior experience and the current economic environment.

(i) Credit risk concentration profile

The Group's major concentration of credit risk relates to the trade receivables at the end of the reporting period is as follows:-

	2013	**2012**
Major concentration of credit risk	10%	12%
Number of customers	1	1

(ii) Exposure to credit risk

As the Group does not hold any collateral, the maximum exposure to credit risk is represented by the carrying amount of the financial assets as at the end of the reporting period.

The exposure of credit risk for trade receivables by geographical region is as follows:-

	The Group		The Company	
	2013	2012	2013	2012

The ageing analysis of the Company's trade receivables as at 31 December 2013 is as follows:-

The Company	**Gross Amount RM'000**	**Collective Impairment RM'000**	**Carrying Value RM'000**
2013			
Not past due	4,908	-	4,908
Past due:-

- less than 3 months	191	(17)	174
- 3 to 6 months	1,052	-	1,052
	2,571	(17)	2,554

The collective impairment allowance is determined based on estimated irrecoverable amounts from the services rendered, determined by reference to past default experience.

Trade receivables that are past due but not impaired

The Group believes that no impairment allowance is necessary in respect of these trade receivables. They are substantial companies with good collection track record and no recent history of default.

Trade receivables that are neither past due nor impaired

A significant portion of trade receivables that are neither past due nor impaired are regular customers that have been transacting with the Group. The Group uses ageing analysis to monitor the credit quality of the trade receivables. Any receivables having significant balances past due are deemed to have higher credit risk, are monitored individually.

36.2 Capital Risk Management

The Group manages its capital to ensure that entities within the Group will be able to maintain an optimal capital structure so as to support their businesses and maximise shareholders' value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group manages its capital based on debt-to-equity ratio. The Group's strategies were unchanged from the previous financial year. The debt-to-equity ratio is calculated as net debt divided by total equity attributable to the owners of the parents. Net debt is calculated as borrowings less cash and cash equivalents.

The debt-to-equity ratio of the Group as at the end of the reporting period was as follows:-

	The Group	
	2013	**2012**
	RM'000	**RM'000**
Hire purchase payables	301	545

36.4 Fair Value Measurements

Other than those disclosed below, the fair values of the financial assets and financial liabilities maturing within the next 12 months approximated their carrying amounts due to the relatively short-term maturity of the financial statements. These fair values are determined by discounting the relevant cash flows at rates equal to the current market interest rate plus appropriate credit rating, where necessary. These fair values are included in level 2 of the fair value hierarchy.

36.5 Fair Value Measurements *cont'd*

The fair value of the advances to employees is derived from the present value of the future cash flows computed based on the projections of financial budgets approved by management covering a period of 5 years. The key assumptions used in the determination of the recoverable amounts are as follows:-

	Gross Margin		Growth Rates		Discount Rate	
	2013	**2012**	**2013**	**2012**	**2013**	**2012**
	17%	19%	5.0%	5.0 – 11.2%	9.9%	6.7%

(i) Budgeted gross profit margin — The basis used to determine the value assigned to the budgeted gross profit margin is the gross profit margin achieved in the current financial year.

(ii) Growth rates — The growth rates used are based on the expected projection of the engineering services industry.

(iii) Discount rate — The weighted average cost of capital of the Company obtained from Bloomberg as at 31 December 2013.

The management believes that no reasonable change in the above key assumptions would cause the carrying amount of the fair value of the advances to employees to exceed its recoverable amounts.

37. SIGNIFICANT EVENTS DURING/SUBSEQUENT TO THE FINANCIAL YEAR

The significant events during the financial year are as follows:-

(a) On 20 June 2013, the Company subscribed for eighty five (85) ordinary shares of RM1.00 each representing 85% equity interest in KNSB, a company incorporated in Malaysia; and

(b) On 29 July 2013, KNSB subscribed for 100 ordinary shares of PGK1.00 each representing 100% equity interest in KNPNG, a company incorporated in Papua New Guinea for a total cash consideration of RM140.

The significant events subsequent to the financial year are as follows:-

On 4 April 2014, the Company announced the followings:-

(i) proposed bonus issue of up to 57,561,000 new ordinary shares of RM0.10 each in the Company's shares on the basis of one (1) bonus share for every three (3) existing shares held at the entitlement date to be determined later;

(ii) proposed bonus issue of up to 57,561,000 warrants on the basis of one (1) warrant for every three (3) existing shares held on the entitlement date; and

(iii) proposed increase in the authorised share capital of the Company from RM25,000,000 comprising 250,000,000 shares to RM50,000,000 comprising 500,000,000 shares.

6. *For the purpose of determining who shall be entitled to attend this meeting, the Company shall be requesting the Bursa Malaysia Depository Sdn. Bhd. to make available to the Company pursuant to Article 50(f) of the Articles of Association of the Company, a Record of Depositors as at 17 June 2014 and only a Depositor whose name appear on such Record of Depositors shall be entitled to attend this meeting.*

Explanatory notes on Ordinary and Special Business

a) *Item 1 of the Agenda*
Audited Financial Statements for the financial year ended 31 December 2013.

The Audited Financial Statements under this agenda item is meant for discussion only as the provision of Section 169(1) of the Companies Act, 1965 ("the Act") does not require a formal approval of the shareholders and hence this item is not put forward for voting.

b) *Ordinary Resolution 6*
Authority to Issue Shares pursuant to Section 132D of the Act

The proposed Ordinary Resolution 6 is for the purpose of granting a renewed general mandate ("General Mandate") and empowering the Directors of the Company, pursuant to Section 132D of the Act, to issue new shares in the Company from time to time provided that the aggregate number of shares issued pursuant to the General Mandate does not exceed 10% of the issued and paid-up share capital of the Company for the time being. The General Mandate, unless revoked or varied by the Company in General Meeting, will expire at the conclusion of the next AGM of the Company.

The renewal of the General Mandate is to provide flexibility to the Company to issue new shares without the need to convene a separate general meeting to obtain shareholders' approval as to avoid incurring additional cost and time. The proceeds raised from the General Mandate will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, for purposes of funding future investment project(s), working capital and/or acquisitions(s).

The previous mandate was not utilised and accordingly no proceeds were raised.

c) *Ordinary Resolution 7*
Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions ("RRPT") of a Revenue or Trading Nature

The proposed Ordinary Resolution 7, if passed, will allow the Group enter into RRPT made on an arm's length basis on normal commercial terms and which are not prejudicial to the interest of the minority shareholders. For more information, please refer to the Circular to Shareholders dated 3 June 2014.

d) *Ordinary Resolution 8*
Proposed Renewal of Authority for Purchase of Own Shares by the Company

The proposed Ordinary Resolution 8, if approved, will empower the Company to purchase and/or hold up to ten per centum (10%) of the issued and paid-up share of the Company through Bursa Malaysia Securities Berhad. For more information, please refer to the Share Buy-Back Statement dated 3 June 2014.
