Kelington Saw Record Profit For 2025 Of RM151 Million

By *Editor* February 25, 2026

Kelington Group Berhad announced its fourth quarter (“4QFY25”) and full year financial results ended 31 December 2025 (“FY25”).

In 4QFY25, the Group continued its momentum and delivered a 33.0% year-on-year (“YoY”) growth in revenue to RM404.9 million from RM304.4 million previously. This improvement was mainly driven by stronger contributions from Malaysia and Singapore, as well as revenue from Germany, where projects secured in August 2025 began

21.7% and 12.5% respectively, bringing the net profit for the quarter to RM50.5 million. This marks the highest quarterly net profit in the group's history.

For the full year, Kelington delivered revenue of RM1.27 billion in FY25, broadly in line with RM1.27 billion reported in FY24. The performance was supported by the ramp-up of new projects in Singapore and partially offset by lower contributions from Malaysia and China due to the timing gap between the completion of existing projects and the commencement of new ones.

FY25 net profit increased by 19.3% year-on-year to RM151.2 million, surpassing the previous record high of RM126.8 million in FY24. Net profit margin improved from 9.8% to 11.9%, primarily driven by the Group's strategy of prioritising projects with higher margin potential.
